

GREAT CITY IS TAKEN

Petrograd Captured by the Estonian and Finnish Forces.

COPENHAGEN, June 3.—Estonian and Finnish forces have taken Petrograd, according to an unconfirmed telegram from Vardoe, received by the National Tidende.

PARK CITY STRIKE IS NOT BROUGHT TO AN END

PARK CITY, Utah, June 2.—Citizens and strikers met at the Orpheum theater here tonight to discuss generally the mine situation. Handbills had been posted during the day by some of the radical element advising the strikers not to attend the meeting, as it was believed measures would be taken to vote against the strike before the demands of the mine workers were complied with.

A. H. Addy, representing the strikers, said he had no faith in the radical element, but favored the strike. David Gwilliams, chairman of the strike committee, followed by saying that few mine workers were in the audience because of the suspicion they had formed during the day that the meeting was called to take a vote calling off the strike.

W. R. Jefford, a business man of Park City, said efforts had been made to bring the opposing factions together, but that no headway had been made. He was followed by E. Adamson, a member of the strike committee, who talked about the high cost of living and the ill effects it had upon the strikers, and alleged that no middle ground of compromise had been suggested by the mine operators.

The sentiment of the majority of those who attended the meeting was that if the mine owners would post a notice for a resumption of work and would announce a wage scale with a 75-cent increase, the strike would be over.

FLIGHT ACROSS THE CONTINENT

WASHINGTON, June 2.—An attempt to make a transcontinental flight from New York City to San Francisco in less than two days with only one stop en route, will be made by the army service within the next few days. A Martin bomber plane will be used. The start will be from Mineola, Long Island.

North Platte, Neb., 1500 miles from New York, has been selected as the midway point. The schedule allows only 16 hours and 30 minutes for the first lap and the departure from North Platte is set for 3:30 o'clock on the following morning. The plane should land at San Francisco about 5:55 p. m. Officials here believe the trip should be made easily within the 37 hours and 28 minutes allowed in the schedule.

Captain Roy N. Francis, a flier of long experience, both in military and commercial planes, will be in charge of the flight. He will be accompanied by Lieut. Edmund A. Clune and two or three mechanics. The plane to be used is capable of carrying one ton of freight or from ten to twelve passengers.

Unsightly Hair DeMiracle

DeMiracle, the original sanitary liquid, is truly a revelation in modern science. It is just as efficacious for removing coarse, brittle growths as it is for ordinary cases.

Only genuine DeMiracle has a money-back guarantee in each package. A 50-cent bottle costs \$1.00, \$1.50 and \$2.00, or by mail from us in plain wrapper on receipt of price.

FREE book with testimonials of highest authorities explaining what causes hair on face, neck and arms, why it increases and how DeMiracle destroys it, mailed in plain sealed envelope on request. DeMiracle, Park Ave. and 128th St., New York.

STRIKE IS SOON ENDED

Men in Coblenz Warned They Would Be Deported by Americans.

COBLENZ, Monday, June 2.—(By the Associated Press.) A General strike throughout the American occupied area was declared by the Germans at 9 o'clock today as a protest against the reported launching of the Rhenish republic at Wiesbaden. It was very brief, however, being only four hours in duration, the workmen returning to their labors at 1 o'clock this afternoon, after being warned of the consequences by the American military authorities.

The principal strikers were the railway employees and the street car workers at Treves and Coblenz. The Americans sent word to the labor leaders that unless the Germans returned to work by 1 o'clock the leaders and all the other strikers would be deported into sections of Germany unoccupied by American troops. The inter-allied railway commission reported that all the workers had returned to their jobs.

NORWAY TO STAY BY HUNS

Refuse to Join Blockade in Case Germany Refuses to Sign.

PARIS, June 2.—Norway has refused to join in a blockade of Germany in case the German delegates refuse to sign the peace treaty.

CROPS ARE GREATLY BENEFITED BY RAINS

Dry farms in Utah and Idaho have benefited immeasurably through the recent heavy rains, according to David Robbins, who has returned from a trip to Idaho Falls. As far as Idaho Falls, he says, the rain has saved the dry farm crops, but beyond that point the rains have not reached and farms are still suffering from drought.

According to reports received by Mr. Robbins on his tour, no serious damage was done to vegetables and fruits by the cold although some localities suffered somewhat.

Utah is now well out of danger so far as further crop damage due to the recent cold is concerned, according to J. Cecil Alter of the Salt Lake weather bureau station. Yesterday he announced the cold wave had passed over the state and had caught Wyoming in its grip. "Fair and warmer," is the prediction of Mr. Alter for today.

No damage was done to fruits in any part of the state, according to the reports.

California Judge Denies He Was Given a Bribe

SAN FRANCISCO, June 2.—Denial of charges that he accepted a bribe to write an opinion setting aside the trust clause involving the millions of dollars in the James G. Fair estate was made today by Frederick W. Henshaw, former associate justice of the state supreme court. The denial was set forth in an answer filed in the superior court here today to a suit recently instituted by Lieutenant Wesley M. Crothers and other claimants to the Fair estate to bring about restoration of the trust clause in the Fair will.

Henshaw denied each of the allegations in the Crothers suit. He denied that he was corruptly influenced in arriving at his judgment that the trust clause in the Fair will should be set aside. He denied that he received a consideration of \$140,000, or any other consideration.

CLASS WAR IS NOW ON

Anarchists in U. S. Serve Notice of Beginning of Foul Outrages.

WASHINGTON, June 3.—Widespread bomb explosions last night, apparently a sequel to the unsuccessful May Day outrages when infernal machines were mailed broadcast from New York to government officials and men prominent in public life, were believed by officials here to be another step in an anarchist movement for the overthrow of organized government in the United States, rumors of which were said to have been called to the attention of members of congress and department of justice officials months ago.

Evidence that the plot was carefully planned was contained in a pamphlet found at the home of Attorney General A. Mitchell Palmer whose house in the fashionable section here was partly wrecked by a bomb, giving warning that "a time has come when the social question's solution can be delayed no longer; class war is on and cannot cease but with a complete victory for the international proletariat."

The pamphlet scattered about the bomb which had been intended to destroy Mr. Palmer, prematurely exploded and blew to bits the author of the crime, was signed "the anarchistic fighters." It undoubtedly was intended as a signal to show the reign of terrorism was on.

Although apparently intended to do greater damage, the latest bomb explosions, from a standpoint of loss of life, appeared to have been but little more successful than those of May Day. Fatalities resulting, as reported today, were confined to the plotters himself at the Palmer home and to New York who were possibly killed or two to three persons were possibly killed in that case, as the body or bodies were so badly scattered it was impossible to determine just how many corpses were involved.

The bomb plot last night, as in the May Day, was directed in a majority of cases against public officials, men who have been active in suppression of organized lawlessness. As there was little difference in the time between the explosions with the police and government agents believe the bombs were to be timed to explode at about the same hour. The fact that wearing apparel and anarchistic literature were found at the Palmer home indicated to the police that the bomb exploded just as the dynamite took it from the suit case under the front entrance to the building. This premature destruction of plans explaining why the explosion here was so much ahead of those in New York, Philadelphia and elsewhere.

Copies of the pamphlet bearing the caption "plain talk" is in possession of the police and department of justice officers and may possibly furnish the only clue to the identity of the plotters.

Mr. Palmer has been active in urging anti-Bolshevism measures and the attack on him as well as on various court judges and officials as representatives of law and order are obvious to the authorities, but government agents were at a loss to understand the attempted destruction of a church in Philadelphia. The full list of cities in which explosions occurred were New York, Washington, Cleveland, Pittsburgh, two Philadelphia, two Boston, Paterson and Newtonville, Mass.

Following so closely the outrages of last month, the anarchistic outbreak last night is expected to hasten action of bills now before congress dealing with suppression of anarchism and deportation of undesirable aliens.

Real Estate Transfers

Delia Richey to George Blechert and wife, part of the northwest quarter section 3, township 5, north range 1 west, \$2000.

John G. Mortensen and wife to Orson J. Olsen, part of the southwest quarter of section 12 and part of the west quarter of section 33, township 6, north range 1 east, \$6000.

A FRIGHT WITH PIMPLES ON FACE

And Arms. Burning Terrible. Cuticura Heals.

"I was troubled with pimples on my face and arms for about two months. The skin was sore and I could not sleep or rest but scratched all the time. The burning was terrible. I could not put a pinhead between the eruptions and I could not go out. I was a fright."

"I saw an advertisement for Cuticura Soap and Ointment and I sent for a sample. I felt the effects at once so I bought more and I am healed." (Signed) Mrs. J. W. De Berny, Irondequoit, Wash., July 22, 1918.

The Cuticura Toilet Trio, consisting of Cuticura Soap to cleanse and purify, Cuticura Ointment to soothe and heal, Cuticura Talcum to powder and perfume, promotes skin purity, skin comfort and skin health. Sold everywhere, 25c each.

REIGN OF TERROR STARTS

Explosions Occur in Many Cities But Loss of Life Is Small.

WASHINGTON, June 3.—Another attempted reign of terror, directed chiefly against public officials who have been active in their prosecution, was launched by American radicals shortly before midnight last night.

A bomb explosion which damaged the residence of Attorney General A. Mitchell Palmer, in the fashionable northwest section of Washington, but which apparently resulted only in the death of the bomb planter was followed at brief intervals by similar explosions in seven other cities in a belt extending from Cleveland to Boston.

Besides Washington, Cleveland and Boston, cities in which bomb outrages occurred were Pittsburgh, Paterson, N. J., West Philadelphia, New York and Newtonville, Mass. West Philadelphia and Pittsburgh were subjected to two separate explosions.

Bombs intended by anarchists for men who had directed the force of law against them, pronounced sentence against radicals or introduced legislation intended to check their machinations, failed in every case to claim their victims. In several cases, however, families of public officials and the public officials themselves experienced narrow escapes. The death toll of two taken in the Washington and New York explosions recoiled upon investigators of the reign of terrorism, according to first conclusions reached by the police. In some instances innocent pedestrians were injured more or less seriously.

Whether the explosion of the bomb planted in the lower portion of Attorney General Palmer's residence was intended as the first of a series of explosions or whether it had been timed to occur at approximately the same instant as the others, but exploded prematurely, could not be decided early today by agents of the department of justice and police of the various cities, who began at once a nationwide search for the culprits.

WASHINGTON, June 2.—Radical agitators tonight apparently attempted to inaugurate another reign of terrorism throughout the country through the planting of infernal machines near the residences of prominent men.

Within a few minutes after the explosion of a bomb at the door of Attorney General Palmer's residence here, with the killing of one man, evidently the person planting the bomb, reports were received from Boston, New York, Paterson, N. J., Philadelphia, Cleveland and West Philadelphia. In all cases except Paterson and Philadelphia the bomb attempts were directed against the lives of public officials. In Paterson the home of a silk manufacturer was wrecked while in Philadelphia where two explosions occurred attempts were made to blow up a Catholic church and a private residence.

The similarity of the reports received from the various cities recalled the authorities the May day bomb plot of a month ago.

Bomb Planter Killed. The bomb planted under the steps of the home of the attorney general at 2132 R street, in the fashionable northwest section of Washington, wrecked the dwelling, smashed in the windows of adjoining houses for a block, but injured no one within the Palmer residence.

An empty suitcase, found near the entrance, and a hand bill signed "Anarchistic Fighters," printed on red paper, worded in inflammatory fashion and serving notice of intent of its authors to begin general war on leaders of society, was the only clue available at a late hour tonight.

The remains of the man killed were literally shredded over the block and driven into the asphalt pavement.

"The only way I can reconstruct the incident," said Major Pullman, superintendent of the capital police, at the end of his preliminary investigation, "is on theory that the explosive blew up just as it was being deposited in the doorway. It is possible but unlikely that it was a passerby involved."

Guard at Home. Instantly upon receipt of the news of the attempt on the lives of other leading men in other communities, Major Pullman ordered special guards sent out to the residences of cabinet officers and prominent men in the government.

Mr. Palmer and other members of the family were at home, but escaped any injury, though the front of the residence almost collapsed with the force of the explosion. They were on the second floor preparatory to retiring at the time.

Remnants of Literature. So thoroughly was the corpse of the man killed scattered that surgeons had difficulty in ascertaining whether one or two persons had been involved. Pieces of two separate firearms were also located, one a automatic pistol and the other a revolver.

The suitcase was of cheap construction. The handbill, which was greasy spotted, was headed in large type "Plain Words." It opened the statement "The powers that be made no secret of their intention to stop the world-wide revolution in America," and concluded, after announcing its acceptance of a challenge to some kind of a war with a printed signature "The Anarchistic Fighters."

Remnants of Clothes. Besides tearing away the residence front, the explosion jolted out of place the stone steps leading up to the first floor level. Remnants of shabby clothing worn by the man killed were

McMURTRY RUBBER FLOOR VARNISH

Eight Colors and Clear

The Good Painter Says:

"I DON'T believe there is another floor varnish made that will stand the wear that this McMURTRY product will. Now take this big living room—it is the most used room in any house. The floor gets the brunt of it. Well, RUBBER FLOOR VARNISH will stand it. It's tough, elastic and durable and is made to walk on as well as for looks. It dries hard over night and will not scratch nor mar white."

"Popular? I should say it is! For years RUBBER FLOOR VARNISH was made only in Clear, but there is a demand for other colors and in response to that demand these eight colors have been put on the market: Light Oak, Dark Oak, Golden Oak, Cherry, Green, Redwood, Mahogany and Walnut. The colors make not a particle of difference in the merit of the varnish."

Sold by all leading dealers.

News in Brief

An automobile accident occurred last evening when an Overland automobile driven by William Dunkley of Whitney, Idaho, collided with a Chalmers car belonging to Jack Spears. The accident occurred in front of the Broom hotel about 7:30 o'clock. Both cars were parked in front of the hotel, and when the Dunkley car attempted to back out it collided with the Chalmers cars. No one was hurt, but the fenders of both cars were damaged.

"Vin" Conroy, well known athlete of this city, will leave tomorrow for Annapolis, Md., where he will enter the United States naval training academy. He has successfully passed all mental examinations and will take the physical examinations at the academy before entering.

National Democratic Committee Chairman Homer S. Cummings will be in Ogden, June 13, to meet with local Democrats of Utah, including the Democratic state committee, the executive committee of the ladies' state Democratic committee at the Hotel Utah, Thursday, June 12. Mrs. George Bass, of the women's national committee, will also be present.

Burglars entered the Armstrong Sporting Goods store near Grant avenue and Twenty-fifth street yesterday morning and carried away goods valued at \$700. John Smith, a negro, was arrested last evening by the police officers and is being held by the police on suspicion.

That the rains that have fell throughout this state and Idaho during the past week, followed by cool days, have done a vast amount of good to the wheat crop of both states, is the statement made by U. G. Holley of the Holley Milling company. "Some grain had been so seriously damaged by the lack of moisture that it could not be revived," said the Ogden flour miller, "but this was not generally true. The cool weather following the rain was really a great benefit. It gave time for the ground to absorb the moisture and for the wheat to become revived without danger of rust developing, as would have been the case had the weather been hot after the rains."

GOT GOOD RESULTS. This honest, straight forward letter from a woman who has suffered should be heeded by all afflicted with backache, rheumatic pains, sore muscles, awful tired feeling and other symptoms of kidney and bladder trouble: "I have got such good results from Foley Kidney Pills that I can sleep much better and the pain in my back and sides is a good lot better. I am going to keep on taking them."

PALMER'S NOMINATION HELD UP. WASHINGTON, June 2.—Senate confirmation of Attorney General Palmer was held up today in the judiciary committee upon objections by Senator Frelinghuysen, Republican, of New Jersey, to acts of Mr. Palmer while alien property custodian. A subcommittee was appointed to investigate and report.

STRIKE AGAINST REPUBLIC. BERLIN, June 2.—The inhabitants of Mayence and Wiesbaden began this morning a 24-hour strike in protest against the attempted coup in proclaiming an independent Palatinate republic.

PHILIPPINES TO APPLY FOR PLACE IN WORLD LEAGUE

WASHINGTON, June 2.—The Philippine islands will apply for membership in the league of nations immediately after receiving their independence and will regard such membership as sufficient protection from outside aggression.

In making this statement today at a joint meeting of senate and house committees, Manuel Quezon, president of the Philippine senate and head of the mission sent to this country to urge independence, declared there was no reason to fear an attack by the Japanese. The people of the islands did not anticipate trouble from Japan, as said, adding that while they could not resist any powerful nation alone, or within ten years, they would be able eventually to protect themselves from all invasions.

"But our plea for independence is not dependent at this time," he said, "on the league of nations. We would like to see it formed and we would like to become part of it with the full belief that we would be able to work out our own destiny."

Answering Senator Harding, Republican of Ohio, Mr. Quezon said the Philippines were ready to accept independence without any protection from the United States. He thought, however, it would be of interest if the countries should have some sort of an agreement.

Mr. Quezon said there were two reasons why the Philippines should not fear trouble from Japan, one being that once the United States had told the world it was the first nation to grant a weaker nation its independence, no country on earth would dare interfere. The other was that there was not enough in the Philippines to make Japan want them.

THOSE WHO WERE TO BE VICTIMS

List of Officials Who Were to Have Been Blown Up by Bombs.

WASHINGTON, June 2.—Public officials against whose lives it was indicated attempts had been made were: In Washington—A. Mitchell Palmer, United States attorney general; Claude A. Swanson, United States senator from Virginia.

In Boston—Justice Albert F. Hayden of the Roxbury municipal court.

In Cleveland—Mayor Harry L. Davis.

In Pittsburgh—Federal Judge William H. Thompson and W. W. Sibray, chief inspector of the bureau of immigration.

In New York—Judge Charles C. Nott, Jr., of the court of general sessions.

In Newtonville, Mass.—Representative Leland W. Powers, of the state legislature.

YAQUIS INVADE TOWN GUAYMAS

AGUA PRIETA, Sonora, June 2.—Unconfirmed reports reaching here late this afternoon are that the Yaqui Indians have invaded the seaport town of Guaymas.

It is reported the Yaquis will be joined by the Diaz column marching through the lower section of Sonora to Tonichi.

According to information at hand, it is said that before entering Guaymas the Yaquis raided and burned several villages.

DUPONT STOCK SUIT DISMISSED

WASHINGTON, June 2.—Federal court decrees in the so-called Dupont stock suit, dismissing the proceedings brought by Philip S. DuPont against Charles S. DuPont and fifteen directors of the DuPont Powder company, to declare invalid the purchase for \$14,000,000 from T. Coleman DuPont of stock having a market value of \$57,000,000 were in effect sustained today by the supreme court which refused to review the case.

The young lady across the way says she saw in the paper that the legislature has an unusually large slush fund on hand and she supposes this is because there was so little snow last winter to clean off.

"Why did Maud want to go into the garden, ma?"

"Maybe it was because she thought she would find Sweet William there."
